Special Stitches

Back loops only – The top of a crochet stitch has 2 loops that run across it. When instructed to use “back loops only” work your crochet stitches into the back loop or loop that is always furthest from you (see photo above).

Notes (Read these before you start!)

- The number of stitches you should have at the end of each row will appear in parentheses

Pattern – CH 16

R1: sc into the 2nd ch from the hook, sc in each ch across (15). Ch 1, turn

R2: blo sc into each st across (15). Ch 1, turn

R3 – R15: repeat row 2 (15). At the end of Row 15, ch 1, do not turn.

Seam: hold first and last rows of hat together. Using the back loops only of Row 15, and the corresponding chain stitch from the foundation chain row, slip stitch through each set of stitches (15). Fasten off and leave a long tail, approximately 30 cm (12 inches).

Cinch up top of Hat

- Thread up long tail in yarn needle
- Weave yarn in and out through the edge loops of each row end around top of hat
- Gently pull as you work to gradually cinch up the top of your hat
- Once you have woven the yarn all the way around, pull tightly to cinch up the remaining hole, if there is still an open space, begin running the yarn through a few of the edge loops that ring the open space and continue to cinch
- Push needle through top of hat to other side and turn hat right side out
- Run needle through middle of Pompom and then back through middle of Pompom leaving a long loop of yarn for Hanger
- If you are worried that the Pompom is not securely attached to the top of your little Hat, add a dab of glue (fabric or hot glue is fine) to the underside of the Pompom so that it sticks to the top of the Hat
- Leaving loop of yarn on right side of Hat, knot yarn on the inside of Hat and weave in ends. Trim any excess
